Decide on a software engineering project topic for this class and write a project concept document with the following structure. On this class project you can work either alone or in a group of two.

- 1** Abstract (between 100 and 200 words)
- 2** Vision and scope document (at least 700 words)

Use the outline shown in TABLE 2-1 page 20 of the Stellman and Greene (2005) book.

- 3** Initial project resources
  - At least 5 references (books, journal, or conference publications)
  - At least 2 websites with related resources
