

CS 491/691X – Topics: Introduction to Robotics

Instructor: Monica Nicolescu

Assignment #3

1) Write a lab report for Lab #4 (one report per team): Your report should describe the following issues:

- Your software design
- The problems that you encountered during the implementation (hardware, software)
- Your solution to the above problems
- Any unsolved problems and reasons for why you were not able to solve them

Reports should be typed and should be formatted as follows:

- a title page with the names of all the students in the team, the team number and the lab report number
- each report page should be numbered and labeled with the team number
- the pages should be stapled together

Add to the report any additional information that you think could improve your robot evaluation. Submit your report at the beginning of Lab 5 (on Feb 19).

2) Submit the programs you developed for the Corner Escape contest by midnight on Friday, Feb. 13.
