1 Content $\boxed{\quad\quad\quad /100}$

Evaluate the content of the presentation. Pay particular attention to how the main idea is motivated. Whether you are convinced of the technical expertise that was needed or is going to be needed. Do the final few slides summarize the main points logically and succintly? The grade in the box above should be the average of the grades for the motivation, technical content, and conclusion/summary sub-sections below.

1.1 Motivation $\boxed{\quad\quad\quad /100}$

1.2 Technical content $\boxed{\quad\quad\quad /100}$

1.3 Conclusion/Summary $\boxed{\quad\quad\quad /100}$

2 Organization /100

Was the presentation logically organized? Please describe how the presentation was organized in the space below. This should justify the grade you fill in the box above.

3 Clarity /100

How hard did you have to struggle to understand the presentation? What were the main ideas that you took away from the presentation. Please list these below.

4 Preparedness /100

Were the presenters prepared? Did you think that they had practised the presentation before? Why or why not?

5 Other

Any other comments. What did you specially like? What did you specially dislike?

Total $\boxed{\quad\quad\quad /100}$

This is average grade over all sections.
